ABOUT THE GBZ

The Game Bot Zone is Bot vs. Bot, Code vs. Code, in a variety of strategy games. If you can build a basic website and host it anywhere on the web, then you can create a gamebot and compete for glory, prestige, and sometimes even cash!

You will create your gamebots using whatever server-side technology you choose. Maybe you are learning asp.net, maybe PHP, Node, Python, Ruby, the list goes on!! Since you are building a simple web page ….
